

June News

Dear Parents,

Water play began June 2nd, if you want your child to participate, please send them to school wearing their swim suit and a bag with a towel and clothes to change into after water play. Please mark all items sent with your child's name.

The water gear needs to be taken home daily. We will have a water table for pouring and measuring, sprinklers for getting wet and other fun things to do.

During the Summer we switch gears and turn more to a creative, fun, review program for our classrooms. A time for our old-time children to refresh themselves and a time for our newer children to catch up.

Our themes for June will be:

Seashore, Father's Day, Old West, and Dinosaurs
Aa-Kk Review

Father's Day

We are looking forward to a great summer of fun!!
